Ehud shalom,
I am currently in Israel for a few days looking at a very interesting Cyber security company led by two senior Mossad guys that you know and leadership from Comverce. They solution and technology is one of a kind and I wonder if you can find an hour on Monday to see them.
It is definitely one of the most interesting things I have seen in a long time. They have 35 people most of them are high level technology guys.
It can be in their offices at Azrieli or at your place.
The Mossad guy that you know is Haim Tomer who is their chairman.
By the way, it was probably not communicated to you yet by Andy but the fund did allocate some equity participation to you, as we have discussed.
Thanks,

Yaron Eitan
